

Large-scale prisons being secretly erected in all 50 states – will they be used to house illegals or force Americans into concentration camps?

Former 24-year Customs and Border Patrol (CPB) veteran J.J. Carrell got the chance to interview Christie Hutcherson of Women Fighting for America about a [sinister plot](#) by the globalists to build large-scale prison structures and compounds in all 50 states, purportedly to house illegal aliens but probably actually to imprison Americans in concentration camps.

Hutcherson has an extensive background in federal contracting having worked at forward operating bases (FOBs) in military war zones. Her company built soft-sided structures, water facilities and other necessities for soldiers as part of a multi-billion dollar operating agreement with Washington, D.C.

Because she has access to the federal database of contract bids for all of the government projects going on at any given time, Hutcherson can see specifically and exactly what is going on behind the scenes at any given time.

"There are bids for detention facilities being built in all 50 states in America," Hutcherson explained to Carrell in the interview, which was also covered by *Redacted – watch below*:

"I go in the database, J.J, and there are detention facility bids to build individual detention facilities in every state in the union. Who do you think they're built for? Are they built for all the illegal aliens or unaccompanied alien children? Of course not."

Concentration camps in America

Carrell, who considers himself something of an expert on these types of things, says he was shocked at what Hutcherson had to say. He says he fell for the idea that these detention facilities are for illegals and migrants, not Americans.

Human knowledge is under attack! Governments and powerful corporations are using censorship to wipe out humanity's knowledge base about nutrition, herbs, self-reliance, natural immunity, food production, preparedness and much more. We are preserving human knowledge using AI technology while building the infrastructure of human freedom. Use our decentralized, blockchain-based, uncensorable free speech platform at Brighteon.io. "Most of these ICE facilities are completely empty," Carrell explains. "I've talked to my buddies in Texas and in San Diego, I've talked to my ICE supervisors, and they tell me that they're empty."

"I get someone that's a reported felon now, I'm releasing them on the street. So you go from arresting people three years ago, setting them up for deportation and prosecution, goes to a camp space in an ICE facility, then the courts and deportation – not now. Everyone gets arrested by the Border Patrol, they quickly "vet" them, then release them."

Even more disturbing is the fact that there are closer to 30 million, if not more, illegals who have flooded the U.S. just in the past couple years. This is enough to replace the populations of about 36 states, Hutcherson further says.

"Why would they need to continue to [house them in camps] that if they're trying to absorb, assimilate, etc.? I believe it's to do like what the Nazis did to the Jews – concentration camps, processing facilities. They're going to need some place to process the dissidents."

When the US Supreme Court rules in "Grants Pass" homeless case (now before the court) - declaring homelessness is a "crime," 7+ million homeless Americans will be rounded up, sent to these open air morgues, and killed-off. This is the American version of Nazi's T-4

built for a shelter, but when not being used a sports stadium. Quite elaborate and large for such a rural area. Hmmm maybe I will be needing to be reeducated.

I saw a blueprint of one of these prisons (7 or more foot high fencing and gates to hold people against their will) and it had a designated morgue but NO clinic. Apparently people there are expected to die, not need any medical treatment in case of headaches, minor
